- (c) Under the new procedure, the exporter will be obligated to declare the **physical serial number of the e-seal** at the time of filing the online integrated shipping or in the case of manual shipping bill before the container is dispatched for the designated port / ICD / LCS.
- (d) Exporters shall directly procure RFID seals from vendors, conforming to the standard specification mentioned in para 3 below. Since the procedure seeks to enhance integrity of transportation of goods, the exporters will be required to obtain seals directly. They shall provide details such as IEC etc., at the time of purchase for identification as well as for using the standard web application necessary to support an RFID self-sealing ecosystem.
